**I.W. KUHN
ENVIRONMENTAL LTD.**

Company Background

I.W. Kuhn Environmental Ltd. is a family-owned company based in Acadia Valley, Alberta, approximately 1.5 hours north of Medicine Hat. The company specializes in construction as well as reclamation and remediation of soils.

I.W. Kuhn provides services in the following areas:

- Complete site reclamation.
- All aspects of contaminated soil remediation.
- Construction and clean-up of lease sites.
- Composting.

The company provides trained and qualified foremen and operators who understand the reclamation, remediation, and construction requirements in Alberta and Saskatchewan.

The primary locations of operation include Alberta and Southwest Saskatchewan.

The company employs approximately 80 employees during peak season. It employs about 50 on a year-round basis

Types & Nature of Work

The company currently operates a modern fleet of equipment including:

- Earthwork equipment such as dozers, track loaders, trackhoes, loaders, and backhoes.
- Tractors.
- A variety of site maintenance implements & attachments.
- Specialty remediation equipment.

Available positions can vary from different types of equipment operators to flag persons and labourers.

Ideal Candidate Qualifications

Ideal qualifications for new employees include:

- Be able to work with limited supervision.
- Be able and willing to work away from home base.
- Grade 12 education preferred.
- Class 1 Driver's License an asset.
- Able to work independently as well as on a team.
- Have own transportation to get to work.
- Must supply own basic work clothes and steel-toed work boots (other safety equipment supplied by company).
- Self-starter with a positive, respectful attitude.

Training Opportunities

On-the-job training is provided by the company. Time is spent training on different types of equipment. Training is provided on-site by experienced and qualified employees.

Advancement in the company is generally based on length of employment and experience.

How to Apply

Applicants can apply in person, by mail, fax, or email.

The company prefers to receive applications by fax or by email.

Potential candidates are contacted for an in-person interview.
